

Midas Angelo Araneta

Computer Engineer | Software QA Engineer | Dev QA Tester

📍 Cabuyao City, Laguna 📞 09948250894 / 09681840408 ✉ midasaraneta@gmail.com 🌐 linkedin.com/in/midasaraneta

PROFILE SUMMARY

Detail-oriented QA professional with 3 years of experience in the betting & gaming and mobile gaming industries. Experienced in testing web and mobile applications (Android & iOS) using Agile methodologies. Skilled in Functional, Regression, Sanity, Manual, Automation, and UAT to deliver stable, high-quality, and engaging user experiences. Proficient with AEM, Azure DevOps, Jira, Monday.com, Confluence, CRM platforms, and in-house Selenium-based automation frameworks for test management, defect tracking, collaboration, and test execution. Experienced in designing test plans, test cases, and test scenarios. Known for strong attention to detail, effective communication, and a commitment to delivering high-quality software.

TECHNICAL SKILLS

- **Testing Expertise:** Functional, Regression, End-to-End, Smoke, Sanity, Manual, Automation, UAT, Exploratory, Cross-Platform/Cross-Browser, Mobile/Tablet (Android/iOS), A/B, Migration, Compliance & Regulatory.
- **Test Design & Documentation:** Test Planning, Test Cases, Test Scenarios, Test Execution, Bug Reporting.
- **Project & Collaboration Tools:** Azure DevOps, monday.com, Jira, Confluence, Snagit.
- **CMS & Campaign Platforms:** Adobe Experience Manager (AEM), Bloomreach, Email/Push/SMS validation.
- **Database & Analytics:** MSSQL, MySQL, Snowflakes, Kibana
- **AI & Productivity:** ChatGPT Enterprise, AI-assisted testing, Prompt Engineering, Test Case Generation, Code Review
- **Programming & Markup:** HTML, CSS, Python, Java, C++.
- **Methodologies:** Agile, Scrum, SDLC, Waterfall

PROFESSIONAL EXPERIENCE

Dev QA Tester | evoke

Sept 2024 – Present

- Collaborate with developers during feature development and AEM migration to identify bugs early and support stable production releases.
- Perform functional, UI, integration, regression, and compliance testing across AEM components, templates, publishing workflows, redirects, permissions, and customer-facing platform.
- Validate Bloomreach campaigns, audience segmentation, CRM integrations, and messaging workflows, including email, SMS and push notifications.
- Verify cross-browser, cross-platform, and mobile/tablet compatibility across Android and iOS devices.
- Execute SQL queries using MSSQL and Snowflake to validate backend data integrity, business logic, and system integrations.
- Manage the complete bug lifecycle using Azure DevOps, Jira, and Monday.com from logging through verification and closure.
- Execute Selenium-based automated test suites using the company's in-house automation framework.
- Participate in Agile ceremonies, including sprint planning, backlog refinement, daily stand-ups, sprint reviews, and retrospectives.

Web QA Tester | evoke

Sept 2023 – Sept 2024

- Performed comprehensive post-migration validation following the Tridion-to-AEM migration, ensuring website stability and content accuracy.
- Validated website functionality, navigation, UI consistency, responsive layouts, and cross-browser compatibility.
- Designed and maintained structured test cases, test scenarios, and validation checklists for production releases.
- Maintained 95%+ test coverage across releases, contributing to stable, compliant, and error-free deployments.
- Verified bug fixes through regression testing before production release.
- Collaborated with internal developers, business analyst, and content teams to deliver high-quality software.

Freelancer – Remote | UpWork

Oct 2021 – Jan 2023

- **Virtual Assistant (Non-Voice) | Feb 2022 – Jan 2023** – Managed workflows, maintained records in Monday.com, delivered clear updates.
- **Lead Generation Specialist | Jan 2022 – Jun 2022** - Used Apollo.io, Sales Navigator, and research tools to build targeted lists and track efficiency.
- **Virtual Researcher | Oct 2021 – Dec 2021** – Conducted industry/market research; organized findings into concise reports.

EDUCATION

Bachelor of Science in Computer Engineering

2015 - 2021

Pamantasan ng Cabuyao
